## **DETAILED ACTION**

### ***Election/Restrictions***

1. Claims 16-17 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected invention, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on September 20, 2006.

### ***Allowable Subject Matter***

2. Claims 1-15 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art reference Taira (6,969,158) has been disqualified in view of 35 USC 103 (c). The present application and the prior art reference share a common assignee. Furthermore, the remaining prior art of record do not suggest or disclose the claimed "a plurality of second lands formed on the piezoelectric element to be spaced from the respective surface electrodes, the second lands having substantially the same height from the surface of the piezoelectric element as that of the first lands" in combination with the remaining claim limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
